F235 Quick Start Guide

System Components

F-235 and Accessory Kit

- Pakon/Kodak F-235 Digital Film Scanner
- 6ft. USB 2.0 Cable
- F-235 Software CD
- Power Cord
- Region Specific Accessory Pack, if applicable

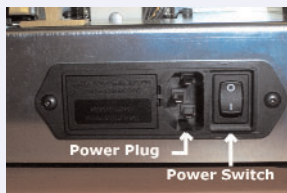

Do Not Destroy the Shipping Containers!

The F-235 is a precision optical device and is sensitive to shipping damage. If the scanner needs to be returned for service, packaging the scanner in its original shipping carton will ensure that it is optimally protected from damage during transit.

Connecting the F235

1. Clear a space near your computer system to place the F-235 scanner. The cable must be able to reach the PC, so it cannot be more than 6 feet from the computer. There must also be 4 inches clearance above and behind the scanner's ventilation duct.

2. Connect the power cord to the power supply plug on the back of the scanner.

3. Connect the USB 2.0 cable to the back of the scanner.

4. Connect the USB 2.0 cable to the back of the computer, in a USB 2.0 port.

5. While computer is on and Windows 2000 is loaded, turn the scanner power switch into the 'on' position.
6. Insert F-235 Software CD. Follow on-screen instructions to install F-235 driver software.
7. Install F-235 software.

Daily Start-Up

- 1 . Turn the computer system power on.
- 2 . Once the computer has completed the boot-up process, turn the power switch for the F-235 scanner into the 'on' position.
- 3 . Open the PSI Software and allow the scanner fifteen minutes to warm-up the light bulb.

Daily Shut Down

- 1 . Close the PSI Software program when done using the Pakon F-235 for the day.
 - Select "File" on the top toolbar.
 - Click on "Exit" to terminate the PSI application.
- 2 . Turn the power switch on the F-235 into the 'off' position.
- 3 . Shutdown the computer system when finished using it for the day.
 - To properly turn the computer system off, use the "Start" button to access the "Shutdown" dialog box.
 - Select "Shutdown" in the drop down box, and click on "OK" to shut the system down.
 - The computer should turn itself off.

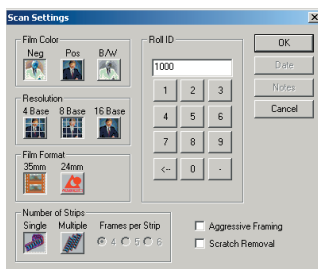

Abbreviated Operating

With the computer, monitor, printer, and F-235 scanner all on, and software loaded:

Click the "Scan film" button to open the Scanning Settings Menu.

Select the desired options in this menu.
See the On-Line Manual for more detailed information.

- 1 . Do as the following adjustments as desired:

Color correction

Rotate images

Delete unwanted images

Adjust framing

- 2 . Select the desired output option.

Welcome

Dear Pakon Customer:

Thank you for choosing the Pakon Scanner System. We are very pleased to welcome you as a valued Pakon Customer.

This Quick Start Guide contains valuable information to assist you with the installation and use of your Pakon Scanner System. It provides a walkthrough of the different system components and accessories, as well as easy-to-follow system assembly and operation instructions.

Inside you'll find:

- A complete list of all system components, and instructions for assembly.
- Easy reference guides for day-to-day operations such as Daily Start-Up, Shutdown, Scanning, Saving, and Printing.
- System software, Operations Manual on CD, repair disks and calibration films.
- Information on ordering Marketing Kits and Impak Scanner System supplies.
- Service Policy and Warranty Information.

Please take time to look through this guide and familiarize yourself with the system and its operation.

If you have any questions regarding your Pakon System or software, please contact Impak Technical Support at 877-217-2566 (USA and Canada only), or 952-936-4390. You can also send questions via e-mail to support@pakon.com, or visit our online troubleshooting guide at www.pakon.com/support.

We appreciate your decision to use the Pakon Scanner System for your digital processing needs, and we look forward to working with you.

Sincerely,
Pakon Inc.

Scan Operation

Select the scan menu item to scan

the images from a roll or strip of film. This menu is the same as the Scan icon on the toolbar. The "Scan" window will appear on the screen so you can:

- Specify the type of film, 35MM or 24MM (APS).
- Specify whether negative film, positive (slide) film, or Black and White film will be scanned.
- Specify the desired resolution 4Base is the lowest, 8Base is the middle resolution, and 16Base is the highest resolution.
- Specify whether a full-length film or multiple filmstrips will be scanned.
- Enter the Roll ID or Twin-Check number.
- Click on the "Scratch Removal" box to remove any scratches that may appear on scanned film.
- Select OK to initiate the film scan. When the scan is completed, the images will appear on the screen.

Edit the photos as needed

- Delete any unwanted images
- Skip any images.
- Adjust framing
- Color correction

Save the photo images

- Create diskette and label
- Create a Pakon CD and label
- Create a Kodak Picture CD and label
- Save to the hard drive of your computer

continued on back

Scan Operation

Make the desired type of prints

- Pakon Sleevling
- Index Prints
- Contact Sheets
- Single Images
- Sticker Prints

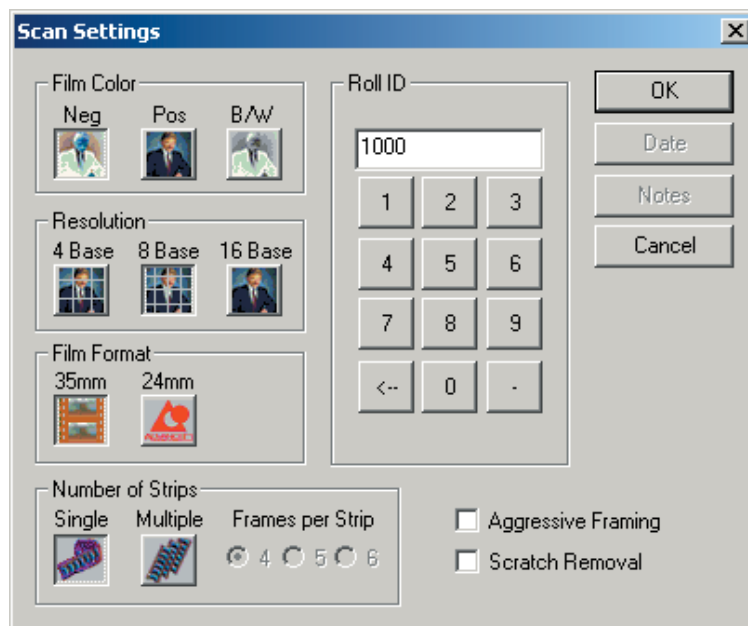

Post the pictures on-line by uploading to the Internet

- Upload to the Internet and print an Internet receipt

Open images from file

- Click on the folder under "Order" to open images from file.

Detailed operating instructions are available, by clicking on the Question mark button on the toolbar.

Warranty

PAKON, INC. warrants to the original purchaser that each PAKON product is free from defects in workmanship and material for the lesser of 12 months, 2000 metered working hours, or the equivalent thereof in normal usage, from the date of purchase. In the event any PAKON product or component of equipment is replaced by PAKON, INC. under this warranty, such item is covered by this same warranty for the remainder of the original warranty period, or sixty days from the date of installation, whichever is longer. O.E.M. products supplied by PAKON will be covered by the remainder of the original equipment manufacturer's warranty.

PAKON's obligation during this warranty period is expressly limited to repair, or in its discretion, replacement of non-expendable original equipment or components which it finds defective; service and labor costs for such repairs or replacement will be covered under this warranty for the first 30 days following the date of installation. Upon authorization from PAKON, INC. a proper party asserting a claim under this warranty shall prepay all transportation costs and return the equipment to a location specified by PAKON, INC. That party shall also bear all reasonable service and labor charges incident to any warranty claim and those service and labor charges beyond the 30-day labor warranty period.

This warranty does NOT APPLY (1) to any expendable parts, (2) to any PAKON product or component which has been repaired or altered with parts or by persons not approved in writing by PAKON, INC. provided, however, that such approval is not to be unreasonably withheld, or (3) to any product on which this serial number or name has been altered, defaced or removed. This warranty also shall NOT APPLY to any PAKON product whose unsatisfactory performance or condition is due to:

- Use of any expendable parts or consumable products not tested and approved by PAKON, INC.;
- Failure to follow the maintenance or safety procedure recommended for PAKON product operation;
- Unusual physical or electrical stress;
- Accident, neglect, misuse, failure of electric power, air conditioning, humidity control, transportation or causes other than ordinary use in the purposes for which the product was intended.

THE ABOVE EXPRESS LIMITED WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, AND THERE ARE NO WARRANTIES BEYOND THOSE STATED IN THIS DOCUMENT. THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, AND ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, OR INFERABLE FROM THE COURSE, OF DEALING OR USAGE OF TRADE, ARE EXCLUDED AND SHALL NOT APPLY TO THIS PRODUCT.

THE PROVISIONS FOR REPAIR OR REPLACEMENT OF DEFECTIVE PARTS PROVIDED IN THIS WARRANTY SHALL BE THE EXCLUSIVE AND SOLE REMEDY OF THE PURCHASER. PAKON, INC. SHALL NOT BE LIABLE FOR ANY OTHER DAMAGES (WHETHER IN TORT, DUE TO NEGLIGENCE OR OTHERWISE) INCLUDING BUT NOT LIMITED TO, LOSS OR LABOR, TIME, MATERIALS, CUSTOMER PROFITS, GOODWILL OR ANY OTHER INDIRECT, SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES IN CONNECTION WITH THE FURNISHING OPERATION OR FAULTY PERFORMANCE OF THIS PRODUCT. THIS EXCLUSIVE REMEDY SHALL NOT BE DEEMED TO HAVE FAILED OF ITS ESSENTIAL PURPOSE SO LONG AS PAKON IS WILLING AND ABLE TO REPAIR OR REPLACE DEFECTIVE PARTS IN THE PRESCRIBED MANNER.

THIS WRITING CONSTITUTES THE FINAL, COMPLETE AND EXCLUSIVE EXPRESSION OF THE TERMS OF WARRANTY AND REMEDY AS AGREED TO BY THE PARTIES TO THIS SALE. PAKON, INC. NEITHER AUTHORIZES NOR ADOPTS ANY STATEMENT MADE BY ANY REPRESENTATIVE WHICH DIFFERS FROM THE TERMS OF THIS WRITING, AND ALL SUCH STATEMENTS ARE SUPERSEDED BY THIS DOCUMENT.

Service Policy

Warranty Period

Parts – One year (expendables excluded)
Phone Service & Factory Labor – 30 days
OEM Equipment – Remainder of original
manufacturer's warranty

Warranty Service

- Phone Service – First 30 days, no charge
- Defective Parts – First year Pakon will send a part replacement (expendable excluded), no charge
- Factory Repair / Replacement – First 30 days, if necessary, Pakon will repair or replace, at its discretion, any defective unit. Pakon, Inc. will pay standard freight costs both ways for the repaired or replaced unit. Any expedited shipping fees are the responsibility of buyer.

After Warranty Service/ OEM Service

- Scanner Phone Service – Incident charge of \$35.00 per incident payable via credit card or with pre-approved credit terms
- OEM Phone Service – Helping buyer install or service Pakon supported OEM equipment or software is considered an incident and charged accordingly. Pakon does not service unsupported products. (Supported products are those sold or recommended by Pakon.)
- Factory Repair / Replacement – Buyer pays freight both ways, plus service labor charges at \$65.00 per hour and packing costs if needed to return unit safely. Beyond one year the buyer is responsible for parts.

Software

Software updates are provided at no charge.
Any software offering new features is optional and billable.

Annual Service Contract

Agreement includes scanner telephone technical support. All factory parts (excluding expendables) and factory labor are free. Pakon will pay for all standard freight in case a need for factory repair arises. Any expedited shipping fees are the responsibility of the buyer. The agreement takes affect at the end of the Labor Warranty and is for a 12-month period and may be renewed annually. The price is \$1,000.00 per year payable in advance. If purchased with the unit, the price is \$750.00 and if kept in force, can be renewed at the \$750.00 price - an annual savings of \$250.00.

Service Rental Scanners

Pakon will provide a limited pool of scanners for rent, if the customer's scanner is sent in for service. Service Rental Scanners can be rented for \$250.00 plus freight both ways if available. Availability will be first come first serve priority given to customers on annual service contracts.
